

2026 Sailing Season Sponsorships

Scheduled Season: April 1 - November 1

(subject to weather conditions)

Honoring those challenged by cancer by harnessing the healing powers of wind, water, and sail!

Sail Beyond Cancer® Virginia provides free, three-hour, private sails for cancer patients and five of their guests. These sailing excursions create opportunities for those challenged by cancer to rebuild courage and make lasting memories. Anyone in treatment for or living with cancer is eligible to come sailing with us - any age, any diagnosis. Our sails are conducted by experienced volunteer captains and trained crew on our donated vessel, Solace, a 2016 Beneteau Oceanis 41.1, and other private yachts.

Sponsors committed by March 13, 2026 will receive the following benefits:
