

SAIL BEYOND CANCER® U.S.A.

Honoring those challenged by cancer by harnessing the healing powers of wind, water, and sail

OUR MISSION AT SAIL BEYOND CANCER USA

At its core, Sail Beyond Cancer® USA is committed to expanding the reach and impact of mission-based sails across the country. These sails offer transformative, on-the-water experiences that honor individuals challenged by cancer and help reduce stress, restore resilience, and create lasting memories. Our national goals are rooted in growth, support, sustainability, and the amplification of our mission through a unified network of chapters.

OUR GOALS

1. SUPPORT THE CREATION OF NEW CHAPTERS

Expanding geographically increases access to mission sails for more individuals and families facing cancer. Each new chapter brings respite and connection.

2. PROVIDE ONGOING SUPPORT TO EXISTING CHAPTERS

Empowering and strengthening current chapters through guidance, training, and resources to ensure safe and meaningful experiences.

3. ESTABLISH AND MAINTAIN BEST PRACTICES

Safety and quality are foundational. We ensure every chapter operates in alignment with our high standards of care and professionalism.

4. UPHOLD MISSION INTEGRITY ACROSS ALL CHAPTERS

Ensuring consistency, compassion, and authenticity in every sail, regardless of location.

5. ENHANCE SOCIAL SUPPORT THROUGH RESPITE SAILS

Our mission sails provide peace, reflection, and joy during challenging times, fostering courage, reducing isolation, and strengthening families.

6. PROMOTE EQUITY AND ACCESS TO ALL

We believe that all cancer patients deserve to benefit from a Sail Beyond Cancer® experience, regardless of age, ethnicity, or income level.

7. BUILD A UNIFIED AND RECOGNIZABLE NATIONAL BRAND

Establishing a strong national identity to increase awareness and support through coordinated campaigns and digital tools.

8. SUSTAIN AND GROW OUR IMPACT THROUGH FUNDRAISING AND CAPACITY BUILDING

Through strategic fundraising and capacity building, we aim to strengthen our infrastructure and serve more people.

In all we do, we are guided by compassion, inclusion, and a commitment to creating meaningful experiences that honor, uplift, and support individuals and families facing cancer.
